Attaching to Wall

- The casing is designed to be attached to a back box, either vertically or horizontally

- It can be mounted directly on the wall, if mounting over a back box is not an option

- A mounting template is included if wall mounting is required, showing the positions of the holes required to be drilled

**Attaching horizontally to a double back box**

Cable Connections

- Connect the Openreach optical fibre to the green OPTICAL port on the ONT

- Connect the power adapter to the black POWER/PWR port on the ONT, then plug the power adapter into the power socket

- Connect the ethernet cable to the yellow PORT/GE port on the ONT. The homeowner will then connect this to their communication provider's router or internal network
