1.8 Gbps	£23.83	£21.30	

Connection prices¹

Connection type		Price
Area 2 homes (typically urban and suburban areas)	New to Openreach ³	£32.07
	Migrating existing customers with the same provider to full fibre ⁴	£31.02
	Other	£64.15
Area 3 homes (typically rural areas)	New to Openreach ³	£127.26
	Migrating existing customers with the same provider to full fibre ⁴	£86.45
	Other	£127.26
All non-residential premises (subject to premises-type mapping to Standard, Premium or Advanced installation journeys under the Business Standard framework)	Standard	£127.26
	Premium	£158.34
	Advanced	£308.56

1. These are the prices available under our Equinox scheme.

2. We split revenue above the Average Revenue Per User (ARPU) share threshold equally with our service provider. This threshold is £18.77. These prices are for illustrative purposes. They represent the equivalent price that would be charged for each speed tier under the scenario that once ARPU share threshold has been achieved, all incremental completions are at that specific speed tier. It is the midpoint point between the ARPU share threshold and the monthly rental of the respective speed tier

3. New to Openreach Network is defined as a premises that has not had an active voice or broadband service of any kind from us in the 90 calendar days prior to an order being placed.

4. For connections where the service provider is migrating their existing customer to Full Fibre.

5. With a floor of 0%.

Prices correct as at 1st April 2026.
